At Wildlife Supply we take nothing for granted. Not the least of which is your patronage. We depend on you to conduct the field work for which our products are intended - and to let us know if you encounter any unexpected benefits or problems. Like most family businesses we think long term - how can we help it with three generations under one roof? We're interested in a partnership for life, or as long as we both shall sample.

Who buys Wildco® water samplers? Here's a partial list of the people we're honored to work with:

- U.S. Geological Survey (USGS)
- Environmental Protection Agency (EPA)
- U.S. Fish and Game Department
- Department of Natural Resources
- U.S. Department of the Interior
- Water districts and sewage systems
- Universities and research institutions around the world
- Environmental consulting firms around the world

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services.

BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic

- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
