In 1924, Ludwig Frederich Will founded the Will group's first company: L.F. Will and Co., in Amsterdam, The Netherlands. In the early thirties Will established a pharmaceutical department. Today, Will-Pharma has more than eighty years of experience in developing and marketing original pharmaceuticals (ethical as well as OTC-products). Will-Pharma also exports its products to different countries around the world. Will-Pharma is an independent pharmaceutical company. Its four entities are spread across the BENELUX-countries. Its product portfolio is made of both ethical and OTC products. Its Marketing and Sales division is very important with a sales force of 30 medical and pharmaceutical representatives, who promote and market our range of pharmaceutical products. Will-Pharma distributes its own products as well as Sankyo's products

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
