YORK PHARMA is a speciality pharmaceutical company. Our stated objective is the acquisition, development and commercialisation of prescription dermatological products. We are committed to bringing to both patients and healthcare professionals, safe and effective medicines of the highest quality for the treatment of diseases of the skin. Successful treatments for use in the surgery, clinic and hospitals, also drives a successful and growing public company. This benefits our shareholders and employees, and allows us to continue to develop products which offer benefits to patients over and above those provided by existing treatments.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
