ZipLip helps businesses to secure and control their business records, email, IM, and files. Founded in 1999, ZipLip is a recognized leader in the development of innovative software solutions for email archiving, compliance, secure email and secure file collaboration. Built upon a proven, patent-pending, and scalable secure application platform based on GRID architecture, ZipLip's applications are designed to manage the digital assets of today's leading enterprises.

Our business revolves around our customers' continued satisfaction and peace of mind. If your company needs to meet government compliance or best practices requirements, if your firm is concerned about email archiving for compliance or according to corporate policy, email security, business continuity; if your business needs to securely communicate between internal and external users, then ZipLip has the answer.

ZipLip is the proven technology leader in compliance archiving, providing industry-leading search and retrieval capabilities, pre and post-review, random sampling and backfill and more, all on a single repository. ZipLip's solutions enable users, from small businesses to large, global enterprises, to quickly share information and conduct protected business communications with any individual or application, securely, beyond the firewall. ZipLip's solutions are easy to deploy, require zero user training, and are centrally managed and administered. ZipLip is cost effective with no hidden fees, and an ideal answer for firms with limited IT resources. ZipLip is a future-proof, scalable, comprehensive and flexible platform for end-to-end business communication security.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
