Welcome to American Medical Alert Corporation - The Center of Healthcare Communication. We have created this website to provide healthcare professionals, patients, caregivers and the investment community an overview of our products and services designed to improve quality of life, promote independent living and facilitate greater communication between providers and the patients they care for. As one of the nation's leading providers of Personal Emergency Response Systems since 1981, AMAC has touched the lives of millions of families, caregivers and subscribers who have experienced the safety and peace of mind from our life enhancing devices and medical alert services. With strong allegiance to our original mission statement of "Helping People Live Better", we have significantly expanded the breadth of our products and service offerings to become one of the most trusted sources of unified telehealth monitoring, life safety and 24/7 medical on call services. Today, AMAC possesses the most comprehensive suite of home health monitoring technology and communication services that link patients and providers. From the elderly and disabled who desire to remain at home independent and secure, to children who want to manage their chronic disease more effectively, to the provider who wants to be there round the clock to address patients' concerns, AMAC provides a seamless platform for patients and providers to stay in touch. We are very proud of our accomplishments and want to thank our employees, investors, business partners and clients for the dedication and commitment to us. For the future, we look forward to continued growth and innovation to positively impact the delivery of high quality, cost-effective healthcare while maintaining the standards of excellence that our shareholders, partners and customers expect.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
