Identification of the origins of tumors and other diseases in body tissues has made great strides over the past two decades. As researchers expand their knowledge of cellular antigens and how these antigens are associated with various disorders, more accurate diagnoses can be made, leading to more effective patient treatments. Immunohistochemistry plays a key role in this process. It is this area in which DAKO is recognized as the world's leading supplier of reagents and staining systems.

DAKO continually expands its list of over 2000 monoclonal and polyclonal antibodies, complemented by a plethora of immunohistochemical staining kits, applicable for routine and advanced clinical and research use. With the introduction of an automated staining platform, DAKO is continually renewing its commitment to provide cost effective, comprehensive and time saving products to customers, to assist them in the most accurate testing and interpretation available.

Recent Publications by Dako Incorporated:

- [The value of TOP2A gene copy number variation as a biomarker in breast cancer: Update of DBCG trial 89D.](#)
BACKGROUND: Previous analyses of TOP2A and HER2 in the Danish Breast... 18th June, 2008
Dako A/S, Glostrup, Denmark.- *Acta Oncol.* 2008;47(4):725-34. ([DOI Direct Link](#))
- [A simplified, sensitive immunohistochemical detection system employing signal amplification based on fluorescyl-tyramide/antifluorescein antibody reaction: its application to pathologic testing and research.](#)
The catalyzed signal amplification (CSA) technique, based on the... 26th February, 2008
Department of Medical Science, Dako Japan, Inc, Kakkyoyama 18,- *Appl Immunohistochem Mol Morphol.* 2008 Jan;16(1):87-93. ([DOI Direct Link](#))
- [Development of standard estrogen and progesterone receptor immunohistochemical assays for selection of patients for antihormonal therapy.](#)

- Estrogen receptor (ER) and progesterone receptor (PR) status in breast...* 8th November, 2007
Dako North America, Inc, Carpinteria, CA 93013, USA.- *Appl Immunohistochem Mol Morphol.* 2007 Sep;15(3):325-31. ([DOI Direct Link](#))
- [Improved fluorescent in situ hybridization method for detection of bacteria from activated sludge and river water by using DNA molecular beacons and flow cytometry.](#)
Fluorescent in situ hybridization (FISH) remains a key technique in... 29th September, 2007
Dako UK Ltd., Denmark House, Angel Drove, Ely, Cambridgeshire CB7 4ET,- *Appl Environ Microbiol.* 2007 Mar;73(6):2020-3. Epub 2007 Feb 2. ([DOI Direct Link](#))
 - [Active caspase-3 and ultrastructural evidence of apoptosis in spontaneous and induced cell death in bovine in vitro produced pre-implantation embryos.](#)
In this study we investigated chronological onset and involvement of... 29th August, 2007
Dako Denmark, Glostrup, Denmark.- *Mol Reprod Dev.* 2007 Aug;74(8):961-71. ([DOI Direct Link](#))
 - [Pharmacodiagnosics and targeted therapies - a rational approach for individualizing medical anticancer therapy in breast cancer.](#)
The selection of therapy for a particular breast cancer patient is... 22nd June, 2007
Clinical Research, Dako Denmark A/S, Produktionsvej 42, DK-2600 Glostrup,- *Oncologist.* 2007 Apr;12(4):397-405. ([DOI Direct Link](#))
 - [Characterization of the 12C4 survivin monoclonal antibody and insight into the expression of survivin in human adult tissues.](#)
AIMS: To elucidate the expression and regulation of survivin in normal... 17th January, 2007
Dako North America, Carpinteria, CA, USA.- *Histopathology.* 2006 Dec;49(6):622-33. ([DOI Direct Link](#))
 - [Hepatitis C virus subtyping by a core-envelope 1-based reverse transcriptase PCR assay with sequencing and its use in determining subtype distribution among Danish patients.](#)
A reverse transcriptase PCR (RT-PCR) assay using conserved primers deduced... 3rd May, 2003
Department of Virology, Statens Serum Institut. DAKO, Copenhagen, Denmark.- *J Clin Microbiol.* 2003 Mar;41(3):1091-100.
 - [Heat-induced antigen retrieval restores electrostatic forces: prolonging the antibody incubation as an alternative.](#)
The term antigen retrieval was introduced by Shi et al. (1) to describe a... 8th April, 2003
Dako Corporation, Carpinteria, California 93013, USA. Tom- *Appl Immunohistochem Mol Morphol.* 2002 Dec;10(4):363-7.
 - [Detection of illegitimate rearrangements within the immunoglobulin light chain loci in B cell malignancies using end-sequenced probes.](#)
The term antigen retrieval was introduced by Shi et al. (1) to describe a... 31st October, 2002
The Research Laboratory, Department of Haematology L, 54P4, Herlev- Leukemia. 2002 Oct;16(10):2156-8. ([DOI Direct Link](#))
 - [N-acetyl-L-cysteine suppresses constitutive expression of CD11a/LFA-1alpha protein in myeloid lineage.](#)
We investigated the possible involvement of redox regulation in... 18th October, 2002
Department of Immunohistochemistry, DAKO Japan Company Ltd., Kakkyoyama- *Leuk Res.* 2002 Oct;26(10):939-44.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's relate service indepth.

The annual cost is \$495.00 for established organizations and \$295.00 for organizations less than 12 months old.
