Israel

Healthcare Technologies (HCT) established in 1988, is an Israeli company quoted in New-York (NASDAQ-HCTL). Healthcare and its affiliated companies Savyon Diagnostics Ltd., Gamidor Diagnostics Ltd. and Danyel Biotech Ltd. specialize in the development, manufacture and marketing of clinical diagnostic test kits, and provide services and tools to diagnostic and biotech research professionals in laboratory and point of care sites worldwide. The company is committed to supplying its customers throughout the world with products of high quality, supported by intensive research and development programs, rigorous quality control procedures, and dedicated technical and customer service teams. The company's major shareholder is the Netherlands-based Gamida for Life Group, which is itself engaged internationally in the research, development, production marketing and sales of products and services for the healthcare and the scientific community. Healthcare group of companies are well positioned for future product development, partnering and joint ventures.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
