Built upon Far East Microalgae Co, Ltd (FEMICO)'s over three decades of world-leading expertise in large-scale microalgae cultivation and global microalgae-derived product marketing, Far East Bio-Tec. Co. Ltd (FEBICO) holds the core technology in bulk protein production, purification and conjugation and is now recognized globally as a specialty manufacturer and supplier of Phycobiliproteins, Recombinant Proteins, Protein Conjugate and Anti-viral extracts from FEBICO's proprietary algae to world-renowned biotechnology and clinical diagnostic companies. Business-to-business customers from the United States and Europe accounted for 90% of the Flogen market. In addition, we also provide the ODM and OEM service to meet customers'specific demands. To serve our leading clients in various diagnostic specialties around the globe, our knowledgeable, professional, and experienced Flogen team is always ready to provide quality and timely support. The unmatched competency in delivering high-quality products and services to meet application/production specifications of customers located on five continents is what truly makes FEBICO stand out from others. To seek 100% customer satisfaction, FEBICO is totally committed to delivering a rich portfolio of industry-acclaimed, high-performance, and price-competitive products and services.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
