At Global Link, we manage and produce a wide range of multilingual medical communications. Our adaptation and production process includes careful translation, review by medical experts and by our client's in-country representatives, as well as ongoing glossary development to ensure consistent use of medical terminology. In compliance with regulatory requirements, Global Link certifies all foreign language versions of medical product labeling and technical documentation.

Our skilled staff will save you time and money with our computerized translation tools to develop glossaries of your most commonly used terminology permitting fast turnaround and cost savings on subsequent projects.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
