ER Squared, Inc. is a consulting firm specializing in clinical trial support focused on three core business areas: consulting services; business development; and product development. Consulting services to the Bio/Pharma industry are in the areas: biometry/data management, e-clinical/EDC, and outsourcing. Business Development consultation and associated business development support services are available for providers of software and services to the Bio/Pharma industry. Additionally, ER Squared is constantly on the lookout for new product development ideas targeting unmet needs. These products are then developed through partnership arrangements. Our experienced team can help you attain your goals. Contact us at contacts@er2inc.com.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
