Dynacare Kasper Medical Laboratories (DKML) is a full service medical laboratory whose main 46,000 sq. ft. facility is located in Edmonton, Alberta, Canada. DKML offers a complete scope of laboratory services and a broad test menu including: Chemistry

Immunochemistry

Serology

Molecular Biochemical Testing

Coagulation

Hematology

Toxicology

Microbiology

Mycology

Parasitology

Bacteriology

Histology

Cytology

Substance Abuse Testing

Employment Related Drug Testing

Occupational Health Services

In addition, our clinical trials division, S.I. Laboratories, offers specialized testing for large, central clinical trials.

DKML also provides Diagnostic Trial Support for the Clinical Laboratory Industry.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search

- engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
