Since our founding in 1973, EA Engineering have been helping management in industry and government improve their performance and achieve their environmental, business, and organizational objectives.

Recent Publications by EA Engineering Science & Technology:

- [Highly Sensitive Detection of Mercury\(II\) ions by Fluorescence Polarization Enhanced by Gold Nanoparticles.](#)
Groups of 20 male Crl:CDBR rats each were exposed, whole-body, for six...4th October, 2008
Laboratory of Biosystems and Microanalysis, State Key Laboratory of- Angew Chem Int Ed Engl. 2008 Oct 2. ([DOI Direct Link](#))
- [A convenient, high-throughput method for enzyme-luminescence detection of dopamine released from PC12 cells.](#)
This protocol represents a novel enzyme-luminescence method to detect...4th October, 2008
Field of Life, Information and System Sciences, Graduate School of Science- Nat Protoc. 2008;3(10):1639-44. ([DOI Direct Link](#))
- [Ultrafast x-ray Thomson scattering of shock-compressed matter.](#)
Spectrally resolved scattering of ultrafast K-alpha x-rays has provided...4th October, 2008

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's relate service indepth.

The annual cost is \$495.00 for established organizations and \$295.00 for organizations less than 12 months old.
