Epitope, Inc. develops and markets oral specimen collection kits and related diagnostic tests primarily for the detection of the Human Immunodeficiency Virus (HIV), the cause of Acquired Immune Deficiency Syndrome (AIDS), and for the detection of other medical conditions and analytes, including drugs of abuse. Epitope's lead product, the patented OraSure(R) collection device, is used as part of an oral specimen diagnostic system. The Company markets the device in the United States and certain foreign countries for use in screening life insurance applicants and for public health use, and plans to begin marketing for drugs of abuse testing in 1999.

Recent Publications by Epitope Incorporated:

- [Analysis of epitope information related to Bacillus anthracis and Clostridium botulinum.](#)
*We have reviewed the information about epitopes of immunological interest...*8th August, 2008
Immune Epitope Database and Analysis Resource, La Jolla Institute for- Expert Rev Vaccines. 2008 Feb;7(1):55-74. ([DOI Direct Link](#))
- [Immune epitope database analysis resource \(IEDB-AR\).](#)
*We present a new release of the immune epitope database analysis resource...*5th August, 2008
Immune Epitope Database and Analysis Resource (IEDB-AR), La Jolla- Nucleic Acids Res. 2008 Jul 1;36(Web Server issue):W513-8. Epub 2008 May ([DOI Direct Link](#))
- [Structural basis of antigenic escape of a malaria vaccine candidate.](#)
*Antibodies against the malaria vaccine candidate apical membrane antigen-1...*11th September, 2007
Department of Epitope Mapping, Division of Malaria Vaccine Development,- Proc Natl Acad Sci U S A. 2007 Jul 24;104(30):12488-93. Epub 2007 Jul 16. ([DOI Direct Link](#))
- [Towards a consensus on datasets and evaluation metrics for developing B-cell epitope prediction tools.](#)
*A B-cell epitope is the three-dimensional structure within an antigen that...*10th August, 2007

Immune Epitope Database and Analysis Resource (IEDB), La Jolla Institute- J Mol Recognit. 2007 Mar-Apr;20(2):75-82. ([DOI Direct Link](#))

- [Evolution of the parathyroid hormone \(PTH\) assay--importance of circulating PTH immunoheterogeneity and of its regulation.](#)

Most of what we know on PTH bioactivity has been associated with the first... 20th May, 2005

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
