Filtrex distributes the following manufactured by FILTRATION SYSTEMS

CUNO is a world leader in the design, manufacture, and marketing of a comprehensive line of filtration products for the separation, clarification, and purification of fluids and gasses. It's proprietary products include uses in the healthcare, industrial, and drinking water markets. CUNO operates a total of eight manufacturing facilities in the United States, Europe, Japan, Brazil, Australia, and has sales offices throughout the world. The need for filtration is estimated at nearly \$3 billion worldwide, and filtration markets are currently growing at rate of 7 to 8 percent annually.

Filtrex Incorporated Patents:

- 7396461- [Filter cartridge for gravity-fed water treatment device](#)
- 4513590- [Combination filter apparatus for use with a dry cleaning machine](#)

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's relate service indepth.

The annual cost is \$495.00 for established organizations and \$295.00 for organizations less than 12 months old.
