Bioscan is in the business of providing cost effective instrumentation and total analytical laboratory solutions for biomedical research and for nuclear medicine and P.E.T. radiopharmaceutical development and production.

The company designs and manufactures instrumentation and integrates other manufacturers' products into complete package solutions. These solutions include both pre and post sale technical support and a range of service options. Support capabilities include instrument set up, customer training, method and procedure development, and process validation.

### Bioscan Incorporated Patents:

- 6368849- [Method and plant for the treatment of liquid organic waste](#)
- 5645068- [Methods and apparatus for ambulatory and non-ambulatory monitoring of physiological data using digital flash storage](#)
- 4950396- [Biological sewage treatment plant](#)
- 4808831- [Container for wet and dry radioactive samples](#)
- 4786810- [Solid state counting system for beta and gamma isotopes of all energies](#)
- 4682035- [Solid state counting system for high energy beta and gamma decay isotopes](#)

**BioCorporate Profiles - upgrade to a full profile**

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's relate service indepth.

The annual cost is \$495.00 for established organizations and \$295.00 for organizations less than 12 months old.
