### United Kingdom

GenoVar diagnostics ltd is a growing bioscience company established to provide laboratory and genetic services to the pharmaceutical, academic and healthcare sectors. Our aim is to provide high quality services in research and development, contract research and customised molecular genetics. GenoVar diagnostics ltd offers a range of basic laboratory services including DNA and RNA extraction, genotype analysis of drug metabolising enzymes and custom genotyping services for polymorphic genes. Our background in the genetics of inter-individual variations in the xenobiotic metabolism gives us a unique insight into the science and methodology of predicting individual responses to novel and existing drug therapy.

### Recent Publications by GenoVar Diagnostics Limited:

- [Novel single-round PCR and cloning of full-length envelope genes of HIV-1 may yield new insight into biomolecular antibacterial drug development.](#)

*Nested or semi-nested polymerase chain reaction (PCR) with a 'hot start'...* 24th September, 2005

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
