Abcam is a producer and distributor of research-grade antibodies and associated products, headquartered in Cambridge, UK, with a US office located in Cambridge, Massachusetts and a Japan office located in Tokyo. Our vision is to build the largest online catalog of the best antibodies in the world.

Find the antibodies relevant to your research: Cancer, Cardiovascular, Chromatin, Immunology, Microbiology, Neuroscience, Nuclear Signaling, Stem Cells.

With over 47,000 products in our catalog, including a growing range of non-antibody products such as proteins, peptides, lysates, slides and kits - we've come a long way from selling antibodies in an ice-bucket!

### Recent Publications by Abcam:

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password

- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
