PharmaNet is a full-service contract research organization (CRO) dedicated to providing exceptional drug development services on a global basis.

With offices strategically placed throughout the US, Europe and Asia, we provide a complete range of Phase I-IV clinical development services including strategic planning, data management and biostatistics, medical writing, site management and regulatory affairs.

PharmaNet's innovative use of the latest technologies provides efficiencies within the electronic process from data capture through global electronic regulatory submissions.

Additionally, PharmaNet offers a variety of clinical trial consulting services for all aspects of your pharmaceutical and biotechnology drug development activities including extended services relating to toxicology, chemistry and manufacturing, preclinical and clinical pharmacokinetics and the assessment of in-licensing candidates.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic

- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
