Some of Grace Davison Discovery Sciences most popular brand include: Alltech®, Davisil®, Flexit™, Grom™, Jones Chromatography™, MODcol® and Vydac®.

Our global network of offices and dealers enable us to provide unmatched global availability of products and services, and continuity of product quality and performance worldwide. Grace Davison Discovery Sciences ISO-9002 certified quality system is part of our continuing quest to meet or exceed customer expectations.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's relate service indepth.

The annual cost is \$495.00 for established organizations and \$295.00 for organizations less than 12 months old.
