Almedica is one of the world's leading providers of Clinical Trial Materials services for Phase I-IV studies. The company provides labeling, randomization, primary and secondary packaging, storage, and distribution from its locations in the USA, the UK, Switzerland, and Germany. Using some of the largest dedicated cGMP facilities, Almedica can package, store, and distribute at temperatures ranging from -80°C to 8°C. The company has extensive experience in handling multilingual and multinational studies, providing innovative design and labeling solutions. Almedica also offers storage, distribution, and return of Clinical Trial Materials by using state-of-the-art distribution management and Interactive Voice Response software. The company can offer rapid initiation of large and complex clinical studies while optimizing clinical materials management. Believing strongly in continuity of contact, Almedica's dedicated Client Service and senior-level Project Management teams manage each client's study all the way from protocol design through to final drug return and destruction.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
