Founded in 2001, MediGen Group is a private equity firm that provides venture financing and management assistance to start-up and early-stage companies in the biotechnology and medical device industries. Our objective is to assist the world class Texas based life science organizations and their researchers / inventors with access to commercial skills that will allow them to fully realize the potential of their efforts. We mobilize general business skills along with direct investment and marshalling of additional capital to incubate and accelerate attractive life science technologies.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's relate service indepth.

The annual cost is \$495.00 for established organizations and \$295.00 for organizations less than 12 months old.
