Meridian Medical Technologies is a global leader in the medical device industry, serving the emergency and early intervention healthcare markets. Meridian is comprised of two business units: Cardiopulmonary Diagnostics and Specialty Pharmaceuticals. Meridian's newest product in Cardiopulmonary Diagnostics is the Prime ECG™ electrocardiac mapping system, a non-invasive device designed to detect a heart attack earlier and more effectively than current technology. Meridian's Specialty Pharmaceuticals' manufactures the life-saving EpiPen® auto-injector, is the sole supplier of auto-injectors for nerve agent antidotes to the U.S. government and other NATO allies, states and local municipalities, and manages a large commercial drug delivery business.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
