The quality and interpretation of the information used in strategy development is critical to building 20/20 insight. That's why QDI consultants dig deeper than others.

We use a proven "discovery research process" including voice of the customer, voice of the market and quantitative models to develop 20/20 insight. Throughout this process we continually address creating and capturing value in the marketplace. Why? Our experience demonstrates to achieve success, you must communicate and deliver more value to your customers than other alternatives.

QDI Strategies unites your goals with our insights to develop actionable strategies.

Your Goals: You have goals. We listen and focus on understanding what you need to know to succeed in the marketplace. We engage in a thorough learning process.

New Insights: We don't just scratch the surface. We dig deep for 20/20 insight until our analysis yields clarity. We continue to ask "What did we learn and how will it impact achieving your goals?" But our work doesn't stop there!

Actionable Strategies: We work closely with our clients using 20/20 insight and a combination of quantitative and qualitative tools to develop actionable strategies. QDI Strategies is dedicated to helping you achieve success!

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
