Quigley is a leading marketer and developer of diversified natural health and homeopathic products including Cold-Eeze®, proven in two double blind studies to reduce the duration and severity of common cold symptoms.

The company's subsidiaries include Darius International Inc. and Caribbean Pacific Natural Products, Inc. Darius is a new direct selling organization specializing in proprietary health and wellness products. Caribbean Pacific is a major developer and partnership marketer of all-natural sun and skin care products for luxury resorts, theme parks and spas.

The Quigley Corporation's customers include leading national wholesalers and mass merchandisers as well as independent and chain food, drug and discount stores.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
