

Giardiasis

[View the current Giardiasis InDepth page on BioPortfolio.com \(PDF\)](#)

(<http://www.bioportfolio.com/indepth/Giardiasis.html>) - Regularly Updated.

Giardiasis is a disease caused by the flagellate protozoan *Giardia lamblia*. The giardia organism inhabits the digestive tract of a wide variety of domestic and wild animal species, including humans. It is a common cause of gastroenteritis in humans, infecting approximately 200 million people worldwide. ([From the Wikipedia article Giardiasis.](#))
