(<http://www.bioportfolio.com/indepth/Sinusitis.html>) - Regularly Updated.

Sinusitis is an inflammation of the paranasal sinuses, which may or may not be as a result of infection, from bacterial, fungal, viral, allergic or autoimmune issues. Newer classifications of sinusitis refer to it as rhinosinusitis, taking into account the thought that inflammation of the sinuses cannot occur without some inflammation of the nose as well . ([From the Wikipedia article Sinusitis](#).)
