pwc.co.uk

The BioScience Index & RaceCard is compiled from share price and market capitalisation data published in the Financial Times and the Investors Chronicle. January and February data has been taken from the Financial Times on 28 January 2008 and 3 March 2008 respectively.

BioScience Index

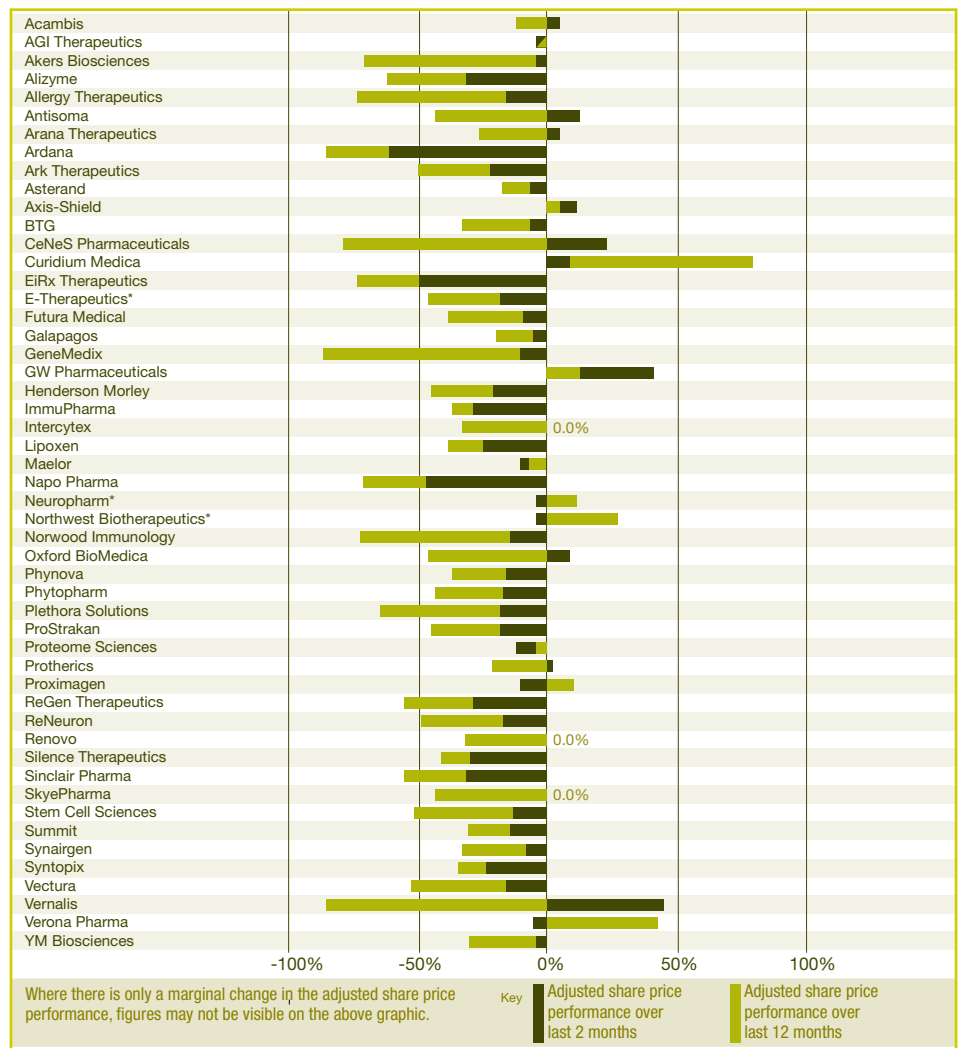

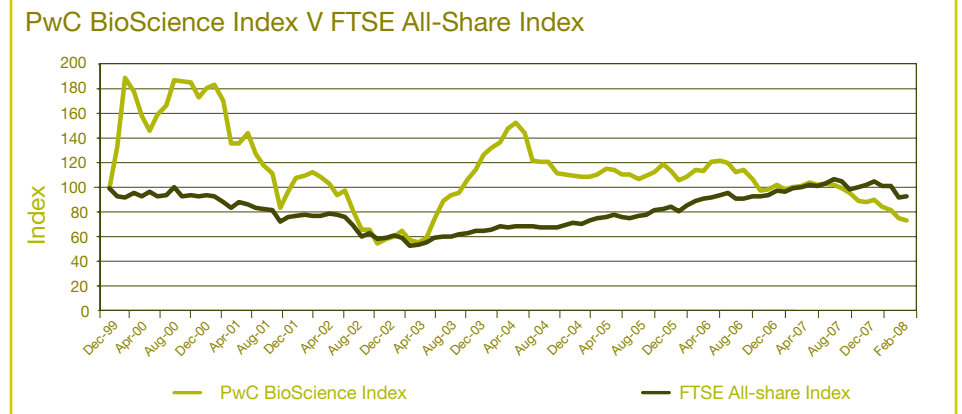

Newly listed companies are assigned the Index at the end of the month in which the company's shares were listed.

The Index has decreased during the last two months and is approximately 73% of its value at 31 December 1999.

RaceCard

The RaceCard analyses the share price performance of 51 UK listed bioscience companies relative to their share price two and twelve months previously.

* denotes companies who have been listed for less than 12 months and therefore have no adjusted share price performance for this period.
