

PwC BioScience Index & RaceCard

May – June 2009

pwc.com/uk

The BioScience Index & RaceCard is compiled from share price and market capitalisation data published in the Financial Times and the Investors Chronicle. May and June data has been taken from the Financial Times on 1 May 2009 and 29 June 2009 respectively.

BioScience Index

Newly listed companies are assigned the Index at the end of the month in which the company's shares were listed.

The Index has increased during the last two months and is approximately 44% of its value at 31 December 1999.

RaceCard

The RaceCard analyses the share price performance of 42 UK listed bioscience companies relative to their share price two and twelve months previously.

* denotes companies who have been listed for less than 12 months and therefore have no adjusted share price performance for this period.
