BioScience Index

Newly listed companies are assigned the Index at the end of the month in which the company's shares were listed.

The Index has increased during the last two months and is approximately 141% of its value at 31 December 1999, and it is still outperforming the FTSE All-Share Index over the same period.

RaceCard

The RaceCard analyses the share price performance of 34 UK bioscience companies relative to their share price two and 12 months previously.
