The BioScience Index & RaceCard is compiled from share price and market capitalisation data published in the Financial Times and the Investors Chronicle. September and October data has been taken from the Financial Times on 4 October and 1 November 2004 respectively.

## BioScience Index

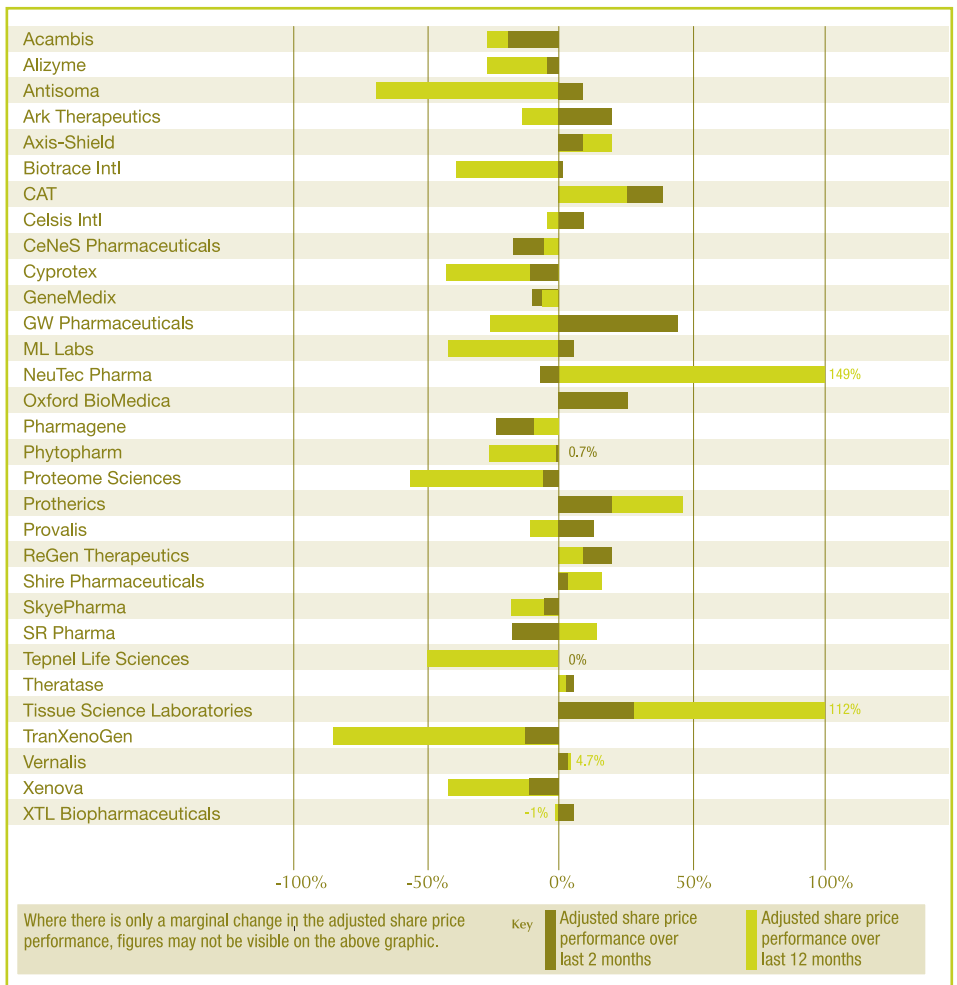

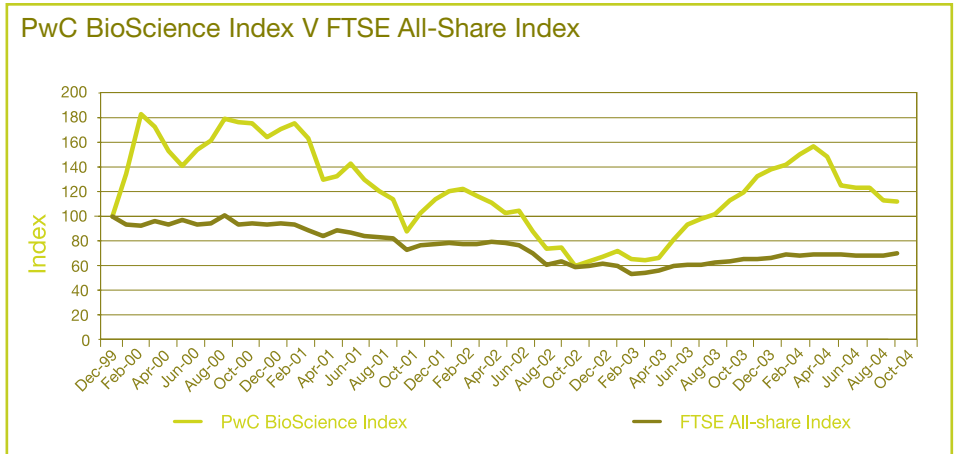

Newly listed companies are assigned the Index at the end of the month in which the company's shares were listed.

The Index has decreased during the last two months but is still approximately 111% of its value at 31 December 1999.

## RaceCard

The RaceCard analyses the share price performance of 31 UK bioscience companies relative to their share price two and 12 months previously.
