

HSTpathways to Address Curbing the Opioid Crisis at Ambulatory Surgery Center Association's 2019 Annual Conference

Focus Group Takes Steps to Build an Infrastructure for Opioid Prevention, Reportable Outcome Measures

HSTpathways, the leading provider of cloud-based, ambulatory surgery center (ASC) management software, is hosting a focus group on the topics of proactive risk scoring, prevention, and reporting on outcomes related to the use of opioids in outpatient surgeries on May 16 at the 2019 Ambulatory Surgery Center Association's Conference and Expo.

WHAT: "Addressing the Opioid Crisis in ASCs: Social Risk Scoring, Prevention and Reportable Outcomes Measures" is a 55-minute focus group discussion moderated by Tara Vail, chief operating officer, HSTpathways. The session will focus on topics such as: uniform data standards, data collection tools, and benchmarking measurable ways to decrease the percentage of dependency and addiction.

WHEN: Thursday, May 16, 2019, 12:15 to 1:45 p.m. CDT

WHERE: Ambulatory Surgery Center Association's 2019 Annual Conference
Gaylord Opryland Resort & Convention Center's Delta Island Room

2800 Opryland Drive, Nashville, TN 372134

To register for the focus group visit:
